STEAMSHIP LINE FAVORS ABROGATED

The Oceanic Company
Has to Pay for Privileges from June 14.

HILLO RAILROAD CO. REFUSED FREE WOOD

Action to Be Taken Against Oahu
Railway Co.—Arrangements for
Sewerage Completion Ap-
proved.

Superintendent of Public Works McCandless read a letter, in the Governor's council, from the Board of Health asking that the grades of streets in Kewalo and Kakaako. The streets in Kewalo have never been accepted and cannot be until raised to grade. All the Executive can do is to back up the Board of Health in refusing building permits in that addition until the grades are raised and compliance made generally with sanitary regulations.

Mr. McCandless brought up a matter of partiality in the treatment of two steamship lines. The Pacific Mail has been charged wharfage, rent of coal storage and pilotage right along, while the Oceanic has paid no dues of these kinds since 1886. This favor was part of the mail subsidy agreement with the Oceanic line enacted by the Legislature. It was decided in council that the Oceanic Steamship Co. should pay the same charges as other companies for privileges received alike, dating from June 14, 1900, when all mail arrangements came under the control of the United States Government.

A request of the Hilo Railroad Co. for all the dead timber found within 500 feet of the track on either side was declined. It was feared that with such a privilege the railroad builders would destroy all the seedlings in the double belt mentioned.

The arrangement made by the Superintendent of Public Works to have Vincent, Belser & Co. superintend the completion of the outfall sewer was approved. That firm gets a percentage on the cost and is to make its own arrangement for wages of labor.

The agents of the Boston building are promised leave to connect with the sewers about November 1.

The difficulty with the Oahu Railway & Land Co. over the obstructions to public traffic made by their wharf construction was brought up. All the agreements and plans were discussed over again. It was decided that in the absence of expected instructions from Washington the Executive will take some action subject to approval, later, of the Federal Government.

INDIA FLOODS AND FAMINE.

New York, Sept. 16.—The Times correspondent at Simla, under date of August 16th, tells of exceedingly heavy rains throughout the famine districts and declares the outlook more favorable than for two years past. In places as much as eight inches fell in a few hours, producing great floods. What India most needed just at that time was a fortnight of sunshine. Lord Curzon's visit to the famine districts has produced the happiest results and the native papers are eulogizing the Viceroy. He returned to Simla none the worse for his visit to the pestilential districts.

Though the rains have almost everywhere been plentiful and the agricultural outlook is bright, the numbers on the famine relief list are still enormous.

McLELLAN, POND & CO.

The above firm beg to announce that they have established a business for the purpose of dealing in Real Estate, the handling of administrative details of Trustees and Estates, the negotiating of Loans and Investments, and the writing of Life and Fire Insurance.

Hoping that we may have an opportunity of serving you when you have requirements in our line, and thanking you for any courtesies you may be able to extend to the new firm, we are,

Yours very truly,

McLELLAN, POND & CO.

MOONS. Some six and a quarter million people are still directly dependent on the Government for their daily bread, while the number indirectly is much larger. The reason of this is that though crops have been sown and are promising well, until those crops have ripened, which will not be for a couple of months or so yet, the people will be without funds. In the meantime they must be fed and supported by the Government.

New Inter-Island Boat.

The Inter-Island Co. will soon have a new boat to add to its already large fleet. The contract for building this steamer was given to the Fulton Iron Works when John S. Gaa went to the Coast some months ago. The plans were altered early in August and the building proceeded with. The fourth payment has been paid, showing the steamer well along. She should be launched before now.

The new boat will be very much on the same plan as the Mauna Loa except that she will be a little wider and a little deeper. Her dimensions are 12x36x14.

It is very probable that the new boat will be put on the Hawaii route.

Interpreter Resigned.

Lin Sin Chow, the Chinese interpreter at the Custom House who has been at that place for years, has resigned. His successor has not been appointed yet.

HAWAIIAN PROTECTIVE LAW DEEMED VOID

Merchants Not Opposed to Commercial
Travelers as Such but to Illegitimate
Meddling with
Local Trade.

The wholesale trade of Honolulu has declared a war of defense against commercial drummers from the Mainland. About 24 firms, practically all the leading wholesalers and jobbers, have signed a resolution formulated in conference, to the effect that they will place no orders with traveling salesmen.

Ed. H. Paris, secretary of committee, is having the resolution printed. What he says of the matter covers all the several representatives of importing houses have said to a Bulletin reporter.

"It is not that we are shutting down on traveling salesmen as such," says Mr. Paris, "but upon the methods they have been pursuing."

"Probably 50 to 100 drummers, representing manufacturers and wholesalers, come here for business. After securing the legitimate trade of local importers perhaps they are dissatisfied and go to the consumers for orders so as to increase their commissions. They do not secure the business as a rule, but by their quotations they antagonize local dealers and the customers of the latter."

"These travelers do not pay the high business license that local houses do, they have no stocks to carry, nor clerk hire or taxes to pay."

"In our resolution we do not say we will withdraw our trade from houses we have been dealing with, but only those whose agents quote to our customers and local consumers. The signers reserve the right to transact business with manufacturers who have sole agents here."

Asked if anything was said about making a test of the old Hawaiian law imposing a license fee upon commercial travelers selling "foreign" merchandise, Mr. Paris said:

"No. We have an impression that the Interstate Commerce Act makes that law void."

Secretary Cooper's Launch.

H. E. Cooper, Secretary of the Territory, has received a gasoline steam launch from the Hercules Gas Engine Co. of San Francisco. It is on board the bark Olympia. The craft is 30 feet long and its engine of 8 horse power. Mr. Cooper will use it for cruising in Pearl Harbor lochs. He has named the launch "Manuwal," Hawaiian for "water bird."

FOURTH DISTRICT MEN DISCUSS DILLINGHAM

Committee Appointed to Refer Question
of Eligibility to Supreme Court—
Jones Resigns as Chairman
and Boyd Is Elected.

The Republican delegates of the Fourth District met in the Republican headquarters yesterday forenoon for the transaction of important business. As the chairman, J. W. Jones, was absent, Jas. H. Boyd called the meeting to order. Mr. Boyd was made temporary chairman by unanimous vote.

The resignation of J. W. Jones as chairman was read and accepted and Mr. Boyd was chosen in his place. Mr. Jones resigned on account of stress of work and important duties in connection with the Republican campaign in other lines.

The resignations of W. R. Farrington and J. P. Cooke as delegates from the 7th Precinct of the Fourth District (Waimanalo and Kailua) were read and accepted. The resignations were sent in because a Republican club had been formed at Waimanalo and it was thought proper by the men concerned that that place should be represented by its own delegates.

Mr. Boyd told of the formation of the club at Waimanalo and of the election of J. Kalanika and J. Maunalo, as chairman and secretary, respectively. These two men were nominated as delegates from the 7th Precinct and their election was unanimous.

The most important business of the meeting was the consideration of the eligibility of B. F. Dillingham as a Senatorial candidate. Mr. Boyd explained that Mr. Dillingham had not registered and therefore he could not run. This was unfortunate but, in order to press forward the work of the Republican party, it would be necessary to choose a man to take his place.

Mr. Gear and others counseled caution in the manner of proceeding and urged that since there did exist a question as to Mr. Dillingham's eligibility, the matter should be submitted to the Supreme Court for an opinion.

Various motions were put and it was finally decided to put the matter before the Court. Messrs. Robertson, Andrews and Gear were selected as a committee to attend to this matter and the meeting adjourned until 4 p. m. today in the Republican headquarters, the secretary having been previously instructed to notify the delegates of the Fourth and Fifth district committees to be present.

A number of the Republican candidates and others interested in the work of the Republican party went down the road Saturday to begin the campaign work in the country districts. Among the number were Samuel Parker, J. L. Kaulukou, W. C. Aehl, L. L. McCandless, George R. Carter, Frank Pahl, Frank Archer, Wm. Aylett and Enoch Johnson.

The speakers fired their first gun at the Haunala court house. The audience was small at first.

At Wailana, the party was met by Samuel Parker, John Holt and others. Speeches were made before a large crowd by Samuel Parker, George R. Carter and L. L. McCandless. Much enthusiasm was shown.

The Republican rally at the drill shed tonight under the auspices of the Young Men's Republican Club, promises to be a most successful affair. Among the speakers will be Hon. Samuel Parker, J. L. Kaulukou, Lorrin Andrews, T. McCants Stewart, W. C. Aehl, A. G. M. Robertson, George R. Carter and others. There will be music by the Republican quartet and a rousing time all around may be counted on.

At the meeting of the delegates of the Fourth District yesterday, the following names were suggested as possible candidates to take the place of B. F. Dillingham should he be found ineligible as a Senatorial candidate: Robert Lewers, S. C. Allen, Paul Neumann, H. M. von Holt, W. R. Castle, Henry Waterhouse, C. S. Desky and F. J. Wilhelm.

A number of prominent Republicans will leave in the Kikanu for Hawaii tomorrow to stump the big island for Samuel Parker as Hawaii's delegate to Congress. Among the number will be George R. Carter, W. C. Aehl, Enoch Johnson and others. Jas. H. Boyd will go next week. Samuel Parker himself will be one of the party to go tomorrow.

The following committees have been announced by the central committee: Speakers—George R. Carter, T. McCants Stewart, J. H. Boyd. Printing—J. A. Gilman, B. H. Wright.

Best Method of Distributing Literature—A. G. M. Robertson, T. McCants Stewart, W. J. Coelho.

The Democrats are in a bit of a quandary concerning Prince David, their nominee as delegate to Congress. It comes on the very best authority that he has not qualified as a voter and he will not be able to get here in time to attend to the very necessary form of registering.

It is whispered about that a steamer will be sent for the Prince either today or tomorrow in order that the "bacon may be saved." When the question of arrangements for the chartering of a steamer was asked at the Inter-Island office today, an evasive answer was given. Later, the reporter was told that arrangements had not been completed, showing that some arrangements had been attempted.

The Mikahala is the steamer mentioned and it will probably be this vessel if any. She is scheduled to sail for Lahaina, Honokaa and Kukuhihale at 4 o'clock this afternoon but these plans may be changed.

During the calling of the calendar in the Police Court this forenoon, Judge Wilcox made an objection which brought to light a certain mysterious transaction. These are the words he used:

"I want to say right here that on Thursday or Friday last a penal summons was issued from this Court and the party concerned should have been here on Saturday morning."

"I understand that a certain police officer, Mr. Hanrahan, decided he would not serve it and that it has been destroyed. What are we coming to when an ordinary police officer can sidetrack a process of this Court in that manner? Not even the High Sheriff can do that."

"I understand that Hanrahan said he would take the responsibility of suppressing that process and that it had no right to issue. He had no right to suppress it when once issued by this Court. This is not the first instance of the kind that has taken place."

"If the prosecution does not want a person prosecuted, the proper way to do is to bring that person here and enter a nolle prosequi."

DUNREGGAN SALVAGE IN FEDERAL COURT

Judge Estee Strains a Point to Oblige
Kauai Petitioners—Judge Humphreys Orders Real Estate Sale.

The Supreme Court this morning heard the petition of Joseph Irving for a writ of mandamus to the Board of Registration, to compel them to register him as a voter. Mr. McClanahan appeared for the writ, and Lorrin Andrews, chairman of the board, contra. Petitioner is a member of the crew of the steamer Iwalo. His claim is brief is that the home berth of that vessel being on the water front boundary of the sixth precinct, fourth representative district, he is entitled to register as a voter in said precinct.

After argument the Court adjourned for the day with a view to rendering an opinion at the earliest possible moment on this and other question of registration previously submitted. Counsel in the two calendar cases whose turns were next due kindly consented to this course owing to the public importance of the questions.

THE FEDERAL COURT.

Judge Estee, at the opening of the United States District Court at 10 a. m., said he had intimated that when the Dunreggan case came up for argument there would not be naturalization proceedings. As, however, two gentlemen from the island of Kauai were present seeking to be naturalized, he asked the indulgence of counsel for a few minutes to examine them. Toward Brande and Martin O. J. Blackstad of Kauai and Herman Laback of Honolulu were thereupon made citizens of the United States.

Several motions were then heard, among others one by Mr. Bigelow for an order to send the original papers in an admiralty appeal case to the Circuit Court of Appeals. This Judge Estee promptly denied, saying it was absurd to risk the loss of court records in a steamer between Honolulu and San Francisco.

John D. Spreckels & Bros. Co., with J. R. Macaulay, Intervenor, vs. Ship Dunreggan, then came up for argument. F. M. Hatch for Spreckels; P. Neumann for Macaulay; W. A. Whiting and Stanley & Holmes for cargo and vessel.

THE CIRCUIT COURT.

Samuel Kallimal of Puno, Hawaii, is authorized by Judge Humphreys to sell at public auction real estate of the late J. Pinao of Alea, Oahu, deceased, after notice for four weeks in the Evening Bulletin and Hilo Tribune, and at an upset price of \$2000, all under bond of \$3000.

HE STATES THE ISSUE.

London, Sept. 20.—The manifesto of Joseph Chamberlain, Secretary of State for the Colonies and member of Parliament for West Birmingham, was issued to his constituents tonight. He says: "Our opponents assert that we deliberately provoked a war for which we had made no preparation. The first statement is untrue and the second is greatly exaggerated. The war was forced on us by a sudden invasion while the negotiations, conducted with the greatest moderation on our part, were proceeding."

Mr. Chamberlain then reviews the causes of the war briefly, and the "immense and successful exertions of the War Office" at considerable length. In conclusion he declares that to return the Unionists to power would mean to conserve the fruits of victory, which otherwise would be thrown away.

MEETING OF JAPANESE.

There were over a hundred Japanese present at the meeting in the Nuuanu street school house Saturday evening to consider the fire claims of the Japanese in connection with the fire ordered by the Board of Health during the recent plague epidemic. The meeting was called to order by Consul Miki Saito who read the following statement of the purpose of the meeting:

"1. This meeting is to ask the property owners to produce their itemized statement in English at their immediate convenience. If there may be any person who has not yet secured the same."

"2. To rectify the statements which have already been produced but have

"3. To appoint a committee to receive rectified statement per block where they used to live before the sanitary fire."

Mr. Saito stated that details concerning the fire had been sent to Washington and placed in the hands of the Japanese Minister there. He urged all who had sustained losses to attend at once to the matter of preparing their statements. He also asked that these statements be furnished him as soon as possible. Mr. Saito also referred to the fire losses in Kahului, Maui.

Short speeches were made by Messrs. Ssumago, T. Ishikawa and I. Kato.

Y. M. C. A. NOTES.

The junior gymnasium class begins work today. The class will meet every Monday and Thursday at 7:30 o'clock. Entries for the athletic contests will close at the Y. M. C. A. at noon on the 10th inst. This is done in order to give the handicappers sufficient time to prepare the records of the contestants and to make other arrangements.

The contests will take place on the campus of Oahu College on the 11th inst. There will be a game of indoor baseball in the Y. M. C. A. gymnasium at 7:30 o'clock Saturday evening between the business men and the evening class.

Turk Committed.

F. J. Turk of Turk & Lewis was tried in the Police Court this morning on the charge of malicious injury in connection with the taking from the Dunreggan of clothes belonging to a sailor, Bradford by name. There was enough evidence to warrant Judge Wilcox committing Turk for trial at the next term of the Circuit Court. Leon M. Strauss appeared for the defendant.
